## **INDEPENDENT AUDITORS' REPORT ON THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS**

To the Board of Trustees  
**The Finance Authority of New Orleans**

We have audited the accompanying Schedule of Expenditures of Federal Awards of **The Finance Authority of New Orleans (the Authority)** for the year ended March 31, 2002. The Schedule of Expenditures of Federal Awards is the responsibility of the management of **the Authority**. Our responsibility is to express an opinion on the Schedule of Expenditures of Federal Awards based on our audit. The accompanying Schedule of Expenditures of Federal Awards is not a part of the **Authority's** general-purpose financial statements for the year ended March 31, 2002. The general-purpose financial statements were audited by another independent auditor and us.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the Schedule of Expenditures of Federal Awards is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the Schedule of Expenditures of Federal Awards. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the Schedule of Expenditures of Federal Awards. We believe that our audit provides a reasonable basis for our opinion.

**INDEPENDENT AUDITORS' REPORT ON THE SCHEDULE OF  
EXPENDITURES OF FEDERAL AWARDS**  
**(CONTINUED)**

To the Board of Trustees  
The Finance Authority of New Orleans  
Page 2

In our opinion, the accompanying Schedule of Expenditures of Federal Awards of The Finance Authority of New Orleans presents fairly in all material respects, the expenditures of federal awards for the year ended March 31, 2002, in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, we have also issued a report dated July 24, 2002 on our consideration of The Finance Authority of New Orleans' internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with Government Auditing Standards, and should be read in conjunction with this report in considering the results of our audit.

**NOTE 1 - Organization:**

**The Finance Authority of New Orleans (the Authority)** is a public trust created by a trust indenture dated October 11, 1978, pursuant to Chapter 2A of Title 9 of the Louisiana Revised Statutes of 1950, as amended. **The Authority** was created to provide funds, through the issuance of bonds, to promote the development of residential housing (single or multi-family dwellings) in the City of New Orleans, Louisiana, for persons of low or moderate income. In accordance with the respective indentures, the proceeds from the single family bond issues are used to acquire mortgage notes and mortgage-backed securities. During the fiscal year, **the Authority** entered into agreements with the City of New Orleans to establish programs funded under the Home Investment Partnership Program, to provide decent, safe and sanitary housing and to increase homeownership to low income individuals.

**NOTE 2 - Basis of Preparation and Accounting:**

The Schedule of Expenditures of Federal Awards has been prepared on the accrual basis of accounting. The information in this Schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Therefore, some amounts presented in this Schedule may differ from amounts presented in, or used in the preparation of, the general-purpose financial statements. The Schedule presents only a selected portion of the activities of **the Authority**, and is not intended to and does not present either the financial position, changes in fund balances, or the revenues, expenses and transfers of **the Authority**.

**NOTE 3 - Accounting Estimates:**

The preparation of the Schedule of Expenditures of Federal Awards in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of grant expenditures during the reporting period. Actual results could differ from those estimates.

**NOTE 4 - Contingency:**

The Authority is a recipient of federal grants. These grants are governed by various federal guidelines, regulations and contractual agreements.

The administration of the programs and activities funded by these grants and awards is under the control of the Authority and is subject to audit and/or review by the applicable funding sources. Any grant or award funds found to be not properly spent in accordance with the terms, conditions, and regulations of the funding source may be subject to recapture.

**NOTE 5 - Loan Programs:**

**Home Assisted Program Loans**

In connection with the origination of its 2000 Bond issue, the Authority subsidized mortgage loans and provided closing cost assistance with \$667,267 from the Home Investment Partnership Program, as administered and funded by HUD. 75% of each such home assisted mortgage loan was funded with proceeds of the bonds, with the 25% funded by the Home Program. The loans were available to individuals who qualify as low income persons.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE  
AND ON INTERNAL CONTROL OVER FINANCIAL REPORTING  
BASED ON AN AUDIT OF THE SCHEDULE OF EXPENDITURES  
OF FEDERAL AWARDS PERFORMED IN ACCORDANCE WITH  
GOVERNMENT AUDITING STANDARDS

---

To the Board of Trustees  
The Finance Authority of New Orleans

We have audited the Schedule of Expenditures of Federal Awards of **The Finance Authority of New Orleans (the Authority)** as of and for the year ended March 31, 2002, and have issued our report thereon dated July 24, 2002. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. The accompanying Schedule of Expenditures of Federal Awards is not a part of the Authority's general-purpose financial statements for the year ended March 31, 2002. The general-purpose financial statements of the Authority were audited by another independent auditor and us.

**Compliance**

As part of obtaining reasonable assurance about whether the Authority's Schedule of Expenditures of Federal Awards is free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of the Schedule of Expenditures of Federal Awards amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

AND ON INTERNAL CONTROL OVER FINANCIAL REPORTING  
BASED ON AN AUDIT OF THE SCHEDULE OF EXPENDITURES  
OF FEDERAL AWARDS PERFORMED IN ACCORDANCE WITH

**Internal Control Over Financial Reporting**

In planning and performing our audit, we considered the Authority's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the Schedule of Expenditures of Federal Awards and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the Schedule of Expenditures of Federal Awards being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

This report is intended solely for the information and use of the Board of Trustees, management, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE  
WITH REQUIREMENTS APPLICABLE TO EACH MAJOR  
PROGRAM AND INTERNAL CONTROL OVER  
COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

To the Board of Trustees  
The Finance Authority of New Orleans

Compliance

We have audited the compliance of The Finance Authority of New Orleans (the Authority) with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that are applicable to its major federal program for the year ended March 31, 2002. The Authority's major federal program is identified in the summary of independent auditors' results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to its major federal program is the responsibility of the Authority's management. Our responsibility is to express an opinion on the Authority's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis,

PROGRAM AND INTERNAL CONTROL OVER

evidence about the Authority's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the Authority's compliance with those requirements.

In our opinion, the Authority complied, in all material respects, with the requirements referred to above that are applicable to its major federal program for the year ended March 31, 2002.

**Internal Control Over Compliance**

The management of the Authority is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the Authority's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts, and grants that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.
